Introducing the SC3000 and the AR8000 Envelope/Card Feeder

RISO, Inc., is pleased to announce the SC3000 System Controller and the on-line AR8000 Envelope/Card Feeder, two new accessories that compliment the Risograph.

RISO SC3000 System Controller

The SC3000 System Controller combined with a GR or TR series Risograph, is the SC3000 Personal Publisher. SC3000 is ideal for the budget conscious customer who has a need to connect their PC or Mac to a Risograph.

Features:
- Graphic Display Interface (GDI)
- Documents print exactly as seen on the screen
- Input: 400 DPI, Ouput: 300x300, 300x400, 400x400 DPI depending on the Risograph connected.
- 4 MB Standard RAM, allows for 11" x 17" printing
- Connectable to Mac or PC at the same time
- Control the Risograph settings directly from the computer
- Input Interface is PC Parallel, or Mac SERIAL

RISO AR8000 Envelope/Card Feeder

The AR8000 offers increased versatility and productivity with the continuous top-load, bottom-feed delivery system. Because the AR8000 feeds from the bottom, envelopes and card stock can be continuously added to the top. You'll be more productive because you don't have to stop the Risograph to add stock. The AR8000 is only compatible with the GR3750 Risograph.

Features:
- Continuous top-load, bottom-feed
- Compatible with the GR3750 Risograph
- Roll-up envelope/card feeder
- Speeds of up to 130 cpm
- Stock sizes; 4" x 6" to 10" x 13"
- Paper weights; 20 lb envelope to 110 lb index stock
- Registration of + or - 1 mm
- Optional conveyer at receiving end S-213AS-U
